Athletic Financial Awards

Athletic Financial Awards at Brock University

The Brock varsity fencing team in association with Brock University Athletics are pleased to offer athletic financial awards to qualified male and/or female athletes with incoming averages of 80% or greater. Two award types are currently being offered, one-time first year entrance awards and on-going 4 year awards. Currently the maximum value of any one fencing athletic financial award is \$4,000 per year. All potential recipients must comply with current Ontario University Athletics (OUA) and Brock University regulations and athletic performance in order to be eligible to receive an award. Athletic awards can be combined with academic and financial awards as determined by academic departments and Student Awards and Financial Aid.

All awards are overseen by Brock Student Awards and Financial Aid. Nominations for awards are put forward by the Head Coach based on athletic performance, domestic standings, and athlete fit. Athletes who are applying to Brock University and wish to be considered for an award should contact head fencing coach Tim Stang (tstang@brocku.ca).

Sincerely,

Tim Stang
Head Coach Fencing
